to protect trees in

"'Save Trees' is a slogan used to motivate people to protect trees in their area"

Campaigns, processions and rallies are organised to promote reforestation and tree planting.

 Trees are a part of nature.
 They provide us with many fruits and oxyger for living.
3. They nourish us and fight against climatic changes.
4. Trees provide shelter when the day is sunny or rainy.
5. Trees filter the air and fill it with pure oxygen 6. We should save trees in order to keep the environment clean.
7. Life on Earth is dependent on trees and sunlight.

8. Cutting of trees without consent should be stopped.

9. People should plant more and more trees.

10. We should not harm the trees because they keep us healthy by providing nourishment.

SAVE NATURE

SAVETREES

NATURE

NATURE IS FOR US. ARE WE FOR NATURE?

Huge number of people gather and support save trees campaigns and request people to plant trees in their surroundings.

Huge number of people gather and support save trees campaigns and request people to plant trees in their surroundings.

'Save Trees' means don't make a land survive without Trees.

Trees are asked to be saved because they purify the air, provide oxygen and save the land from erosion.

work for saving Trees and one can join them very easily.

Many NGOs

There have been many movements launched in the whole world to protect the Trees.

What behavior have we observed? What can we imagine them doing?

What are their fears, frustrations, and anxieties? What other feelings might influence their behavior?
